Public Opinion

We can't give you any meaningful ratings yet, because not enough people have told us what they thought about this game. If you've played it, why not help out and give us [your votes](#)?

This game features voice acting.

About this game

Alfred Walsh is the new custodian of a library who unwittingly unleashes a mysterious curse on the books within. It's up to him, with the help of many great heroes (and some lesser ones) to fend off the curse of Oblivion and save our beloved tales before it's too late!

- Whimsical story, characters & animation
- Point & click, inventory items & puzzles
- Full voice acting & original soundtrack
- Italian, Russian & additional translations

- Nominated**, Best Voice Work 2016

1 people commented on this game (newest first):

Can't believe no-one has commented on this gem yet! Lovely mix of literature and adventure gaming. Some of the puzzles that relied on carrying an object from one "book" to another were a little frustrating, but overall good puzzles and aesthetically pleasing.
