### Synopsis

Ontologically Anxious Organism is nervous about the notion of character. He feels the other members of his comic family trying to rise up inside him and use him as an exit. So he disguised himself as a boulder...

Episode One: Camouflaged yet constrained, Ontologically Anxious Organism shifts between a series of reconstituted cartoon backgrounds, as he grapples with existence.

### Technical information

2D animation. Ink drawings scanned and coloured in Photoshop. Sequences animated in After Effects.
